

About DeDot

We are **Delish Dog Treats (De DOT)**, a family run business. We started baking in the last lock down for our doggies - Bella & Rupavati. With months of trialling and refining our recipes, and with a lot of research into safe foods for dogs - we have come up with several creations that we can guarantee that your dog will love!

All our treats are **purely homemade and have no adulterants or preservatives** and are safe for dogs of all sizes. Some of them have milk and hence may not be suitable for lactose intolerant dogs.

WHY DeDot

- All our treats are purely home-made.
- They are tasty treats and can be used for training.
- 100% natural
- No Adulterants or Preservatives.
- Meat used is of human grade consumption and is outsourced from online vendors where we buy meat for our own consumption.
- Safe for dogs of all Sizes / Ages / Breeds
- Made to order – hence fresh
- Soft puppy treats and treats for older dogs with dentition problems are available.
- Fillers like Soya, Seed Hulls, Weeds & Straw, Citrus pulp, Beet pulp, Animal fat, meat by-products are **not used** in these treats.

Pre-requisites for treats

- As no preservatives are used, the shelf life is shorter than commercially made treats. Hence we dehydrate and vacuum seal all the treats so that they become hard and maintain freshness.
- Once the vacuum sealed pack is broken, the treats need to be stored in the air-tight container provided.
- If the doggies do not consume these in 2-3 days, please place them in the refrigerator.
- In the vacuum sealed pack, they last for 1 month.
- If kept in the freezer with the vacuum intact, it will last for 1 month; if opened and in the fridge – last for 15 days.
- Make sure plenty of water is available for your pooches

Feeding Guide

It is very important to note that the treat should only form **10%** of your dog total food requirement.

DOGGIE BREATH FRESHNERS
